Art Unit: 1616

Claims 1-41 are pending in this application.

Claims 1-40 are deemed allowable at this time. A search update would have to be carried out at the time of Notice of Allowance, when and if appropriate.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 41 is rejected under 35 U.S.C. 102(b) as being anticipated by CABA abstract 78:64467 for the reasons set forth in the Office Action of Paper No. 7 (7/31/02), pages 2-3, with respect to claim 1 (the claim version pending at that time).

The cited reference expressly discloses Vofasteril, which contains 0.2% peracetic acid and 7-10% copper sulfate. Since peracetic acid must be in equilibrium with hydrogen peroxide, all of the claim required ingredients are necessarily present.

Even though the cited reference does not explicitly state that the peracetic acid/hydrogen peroxide inhibits the growth of microorganisms in the pesticide suspension of copper sulfate, it is the Examiner's position that such effect must necessarily be present because the peracetic acid cannot all of sudden shut off its ability to be microbicidal. The effect is present whenever peracetic acid is added. Therefore, the claim is anticipated.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
